Subject: Draft Renewal of EPA & UNEP MOU, available for review

DRAFT UNEP EPA MOU Fall 2016 Renewal July 13 for EPA Comment.doc

Dear EPA Colleagues,

As you may know, in 2011, EPA signed a five-year Memorandum of Understanding with UN Environment Programme (UNEP) to memorialize our collaborative efforts. Though the document is not legally binding or directly connected to any funding agreement, both UNEP and EPA consider it to be an important marker of our shared efforts. Over the next several months, OITA and OGC will be working with UNEP to renew this document, and have prepared the attached draft for your review. It is primarily boilerplate language, but has been updated to reflect new required language from OGC and a few areas of cooperation, including food waste reduction and climate change adaptation and resilience. We are hoping to have this document finalized and ready for signature by the end of the summer.

Please send comments or suggested edits back to me, also copying Hodayah Finman and Lisa Goldman, by **COB on Thursday, July 21**. Feel free to get in touch with any questions.

Many thanks!

Alexis
